OAHU COLLEGE

Has four beautiful new pianos; one  
Steinway Grand and three Richmond  
Upright pianos delivered to it today by  
the Thayer Piano Co. The pipe organ  
in the college has been taken down  
and reconstructed and put in perfect  
condition by the Thayer Piano Co's  
tuner, Mr. Ernest Giesecke.BOWEL COMPLAINT IN CHILDREN  
Children when weeding are liable  
to attacks of diarrhoea and this trouble,  
especially in warm weather,  
should never be neglected. The best  
medicine in use for ailments of this  
kind is Chamberlain's Colic, Cholera  
and Diarrhoea Remedy. When reduced  
with water and sweetened, it is not  
unpleasant, which is of great importance  
when giving medicine to children.  
For sale by all dealers. Benson  
Smith & Co., agents for Hawaii.

Fine Job Printing, etc. Office.

FOR SHIP  
SUBSIDY

(Star Special Correspondence.)

HANA, Sept. 12.—Hawaii, by her  
arrangement of an excursion of Congressmen here this summer, may  
change the national policy and end  
the long fight over a ship subsidy."If this trip has done nothing else,"  
said one of the prominent members  
of the party of Congressmen, "it has  
probably made half a dozen votes for  
a ship subsidy. The last ship subsidy  
bill only failed by a half-dozen votes,  
so those of us who believe in it expect  
to win next time, and I think this  
Hawaii excursion will furnish to  
many members some arguments that  
will be effective."

Congressman Dr. Barchfield, of Pittsburg, also predicts that a ship subsidy will very soon pass. "Congress is going to give you some American ships," he said to a Star representative. "For a long time I have fought for a subsidy. You are right in not wanting the coastwise regulations abolished and in saying rather let them be strengthened if American ships can be had. I think they can. I have fought for it and am still at work on it. I firmly believe that Congress will soon give a law that will restore the American merchant marine. Just upon what plan I do not care to say in detail, but I want to say that we are going to give you American steamers."

GEORGE F. HENSHALL.

OFFER TO REFUND  
ONE MILLION DEBT

An offer was received by Treasurer Lloyd Conkling today from an Indianapolis firm, suggesting the refunding of \$1,000,000 of the four and a half per cent Territorial bonds. The suggestions made, however, will not be accepted for several reasons, however, the first being that much better terms can be easily obtained by the local government. The proposal made was to refund at quarter of one per cent less than the present rate, while the standing of the Territory's credit is shown by the fact that the last two issues have been taken up at three and a half per cent.

Another consideration is that it is hoped that the next session of Congress will amend the Organic Act in such a manner as will allow the Territory to issue thirty year bonds redeemable in ten years instead of fifteen year bonds redeemable in five years, as is the present rule. Such a change would make the Hawaiian securities a much better investment. The letter from the firm mentioned was as follows:

Indianapolis, August 25.  
Mr. C. R. Hemenway, Treasurer, Territory of Hawaii, Honolulu, Oahu.  
Dear Sir:—Last week we were awarded by the United States Government a portion of the Philippine 4 per cent issue. These bonds mature in 30 years but are optional in 7 years, and are made tax exempt by specific act of Congress. These 5 per cent Philippine bonds sold at 100.28 and 100.51. You have doubtless noticed the account of the sale in the newspapers.

We would like to figure with you on the \$1,000,000 of 4-1/2 per cent bonds which you have subject to call. We believe the Hawaiian bonds could not command quite as high a price as the Philippines, but we think we could use \$1,000,000 of new 4-1/2 per cent bonds at par should you wish to call in the 4-1/2 per cent bonds. Even this would result in quite a saving to the Territory.

We would be pleased to hear from you further in reference to the matter.

Very truly yours,  
GAVIN L. PAYNE & CO.LOCAL COLLEGE  
OPPORTUNITIES

The College of Hawaii is offering special courses in various subjects for students who are prepared to take them. The department of household economics is offering a course in practical cooking. The work will consist of laboratory practice, supplemented by lectures on various foods, their preparation and serving.

The department of botany offers a course in plant life. The course will consist of lectures and recitations, supplemented by laboratory exercises and excursions in order to study plants under the environmental conditions that modify their growth and development. There will also be opportunity for special work in English composition and English literature, likewise in German and French. The department of engineering offers special work in surveying, mechanical drawing and wood technology. Students desiring to take any of these

## AT THE THEATERS

The Park Theater was jammed to night. Tonight a new film entitled "Queen of the Ranch" will be put on. As its name indicates, this is a thrilling, Western story. "The Yiddisher Boy" is a pathetic story which will arouse feelings of sympathy. Besides these main films, there will be comical features and specialties. The pretty little Melnotte sisters will appear in new songs and the program as a whole will be of a high order.

## BONNIE'S SHOW.

The Bonnie theater in Hotel street (formerly the Hotel baths) not being ready, the special stereopticon exhibition for the benefit of the Congressmen will be given in the roof garden of the Young hotel tomorrow evening. Pictures of the leper settlement will be shown and it is probable that they will be explained by E. A. Mott-Smith, formerly president of the Board of Health.

## THE ART TONIGHT.

"The Secretary's Revenge," is the name of the feature film at the Art theater tonight and should be missed by no one with a love for the dramatic in art. The film is one of the most artistic that has ever been thrown on a screen at a local motion picture house and the pictures abound with thrilling incidents. The rest of the program is excellent, some of the comics being unusually good. The Lessors are giving their farewell performances this week and are presenting the best feats in their very extensive repertoire. The Art is a great favorite with the men of the fleet who are keen judges of motion picture merit and who are always to be found in force where the best show is given. During the stay of the fleet the management of the Art Theater will make a special effort to entertain and please the men of the cruisers now in port.

## ATHLETIC PARK.

The rain interfered with the program at Athletic park last night, but the weather promises to be fine this evening and the stunts there will be of the very best.

## THE SKATING RINK.

The Princess rink was thrown out of business last night by the showers but will be running full blast tonight. In addition to the regular program there will be special music.

## THE EMPIRE TONIGHT.

There will be three great, big films at the Empire theater this evening. They are: "The Orange Grower's Daughter," "The Rubie and the Bunco Men" and "The Policeman in Action." A splendid orchestra supplies music at this popular resort.

A properly drawn will is a great comfort to the man or woman with property for, no matter what happens, the estate will be disposed of according to the expressed last wishes. Bishop Trust Company draw up wills without charge if they are made one of the executors.

FLEET OFFICERS  
CALL ON FREAR

The official call of Admiral Sebree and the commanding officers of the vessels of the Pacific fleet upon Governor Frear took place at 11 o'clock this morning. The Hawaiian band was stationed near the entrance to the Capitol building and played patriotic tunes as the autos bringing the naval officers entered the palace grounds and again when they departed. The party was greeted by Claudius H. McBride, private secretary to Governor Frear (who was incased in immaculate white flannels), and escorted to the Robin's Egg Blue chamber, where the Governor, Secretary Mott-Smith and the members of the Governor's staff, the latter in uniform, were waiting.

The call was very formal not occupying more than five minutes of the Executive's time, and the officers then returned to their vessels. The following left their cards: Admirals Sebree and Berry, Captains Benson, Moore, Mayo, Smith, Gilmore and Rogers, Commander Orchard, Lieutenant Holmes.

Subjects may get full information by applying at the College.

## TO HALEIWA.

For the week end. Why not this week and if you are an enthusiastic motorist there is no better run than to Haleiwa Saturday afternoon and return Sunday. If you have no auto, take the 3:20 train Saturday and return on the "Two hour" limited Sunday evening. Or run down on the limited leaving Honolulu at 8:23 Sunday morning and enjoy the day in the country. It will do you good. Good bathing. Golf. Saddle horses.

Noa Improvement Club at the residence of Judge H. B. Cooper, Punahoa, Manoa Valley, tomorrow (Tuesday) evening at 8 o'clock. All residents of the Valley or those interested are cordially invited to attend.

KUHIO'S CAUSE

(Continued from Page One.)

He said that he and the party of which he is dean were after information and were not in Hawaii for politics. "We are not interested in your local fights," said the distinguished Representative, "but are merely here to look into conditions," and after a finely worded expression of pleasure at being able to call the people of Hawaii brothers and sisters, he proceeded to repeat what might be regarded as a rebuke to the political workers: "We do not take sides in local matters."

Congressman Humphreys of Mississippi spoke next. Among the things he said was that if the local government was right and good the people would be happy even if Congress did make mistakes in making laws for the islands. He proceeded to pay a high tribute to the delegate, and coming from such a distinguished Democrat, under all the circumstances, it seemed to have a special significance. "As a member of the committee having the matter in hand," he said, "I appreciated the difficulty involved as far as Hilo is concerned in the two propositions that you couldn't have your railroad extension without your breakwater and that you could not get a breakwater till you had the railroad extension. Thanks to the efficiency of your representation in Congress the difficulty was overcome."

Hon. James McLachlan of California said during a short address that the local problems of Hawaii would have to be solved by the intelligent people of Hawaii. Loud applause followed his remark that he hoped to see a day when the money paid to laborers in Hawaii would remain in the country. He is a member of the Rivers and Harbor Committee and added his appreciation of the work Delegate Kuhio had done to get the breakwater appropriation. He also referred to the work done by Secretary McClellan and to that which L. A. Thurston did a couple of years ago.

Ryan's speech followed and at its somewhat unsatisfactory close Kuhio called for music, after which Congressman Miller spoke. A ship subsidy was strongly supported in his address, also the proposition of giving government lands to home builders.

Hon. Kaalaawa, a member of the Hawaiian house, followed with a speech in Hawaiian and then Hon. Candler of Mississippi got busy with rhetoric and elocution. He "raised the roof" with his eloquence and patriotism.

Congressman Rodenberg, who is well known in Hilo, delivered a patriotic address with great force and eloquence. His only local references were in advice that the people try to help the government, try to get together and not to reflect, "as was done tonight" on the federal government, and in a mention of Kuhio, who he said, had a very strong hold on Congress.

Governor Baker spoke next, with Andrews as interpreter. He made a very fine impression. His address was mainly on the land question. He said that many people had been opposed to annexation and that he had been among them, but that now he had changed his mind. "In recent travels I have learned how nobly the Indian has been treated by the United States," he said. "The trouble with us Hawaiians is that we haven't the land to place our foot on and say this is ours. The lands of Hawaii became the prop-

## WATERHOUSE TRUST

## REAL ESTATE.

## AN INDICATION OF LEISURE.

"Do you think a four-leaf clover is a sign of luck?"

"Yes," answered Farmer Corntassel. "There ain't no doubt in my mind but what anybody with time to fool away lookin' for four-leaf clovers is purty lucky."—Washington Star.
